

1. K-LOVE serves our local community by bringing positive music and uplifting messages commercial free.
2. Our community would lose this great service if replaced by an LPFM.
3. It is in the public interest to keep K-LOVE broadcasting as it is to make a positive difference in the lives of people who listen to this program. It's message is so uplifting compared to the rest of stations readily available anywhere on the radio dial. Keep this one as it is a true treasure that can actually save lives.
